

Eat Your Hearts Out Bachelors! Now it's the girls' turn!

For years, men have had their renowned bachelor parties, going out on the town for that last "hurrah!" before their wedding day. But prenuptial shindigs aren't just for the groom-to-be. Brides today rival the boys when it comes to partying prior to that stroll down the aisle. From a night of clubbing to a serene spa trip or a charming tea party, there are options for brides and their friends and family! You could also plan an incredible couples' party, too!

Because planning a wedding takes a lot of time and energy, many brides choose to escape the organizational hubbub and spend an afternoon at the spa with their girlfriends.

Another unique way to celebrate your special day is by taking the ladies to a local tearoom for an afternoon celebration.

If you'd prefer an evening of wining and dining with your girlfriends, book an evening with a professional chef in her kitchen; you and your guests help to prepare the courses. Choose a fun meal to prepare, something with no more than four courses. The evening can be rounded out with wine tasting, including some of our great Northern California wineries.

Or keep it at home (or borrow someone else's!) and invite one of our recommended "Party Specialists" to bring the party to you! You and your friends will have a terrific time, with very little effort, and hardly any clean-up! In fact you can make it really easy and hire one of our skilled caterers to whip up a great spread and bring it in for you to enjoy!

One last thought is to take on the town by visiting some North Valley hot spots in a limousine. Let them arrange it all for you!
